

**MCKESSON**

**Automated Rules Management:  
Helping You Set a Higher Standard of Care**

These custom rules are integrated with the **McKesson Medical-Surgical ordering solutions that you already use**, helping you to streamline processes and helping to reduce costs so you can focus on the best outcomes for your patients.

# McKESSON

McKesson Medical-Surgical offers Automated Rules Management to help you streamline purchases, manage product usage and control spending so you can provide the personalized care your patients need.

With Rules Management, you can:

## **OVERSEE FORMULARY COMPLIANCE**

- Allow purchases only from approved product lists
- Limit the types and quantities of products purchased

## **SET SPENDING LIMITS**

- Set spending limit rules by location, caregiver or even by patient to manage your expenses

## **CONTROL UTILIZATION**

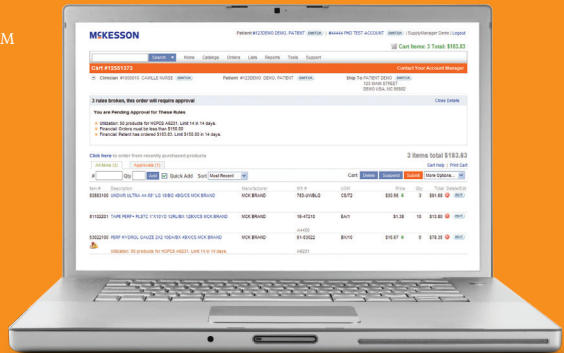

- Help improve patient care and seek appropriate reimbursement by setting utilization rules that promote compliance with the patient's personal care plan and avoid over-utilization of products
- Tools and reporting functionality also allow you to monitor and manage product usage

# Better Outcomes Through Standardized Patient Care

Integrated with our Home Care technology, Rules Management provides you with the tools you need to enhance quality of care while helping to reduce unnecessary costs.

Rules Management is integrated with:

- McKesson SupplyManager<sup>SM</sup>
- McKesson MobileManagerHC<sup>SM</sup>
- McKesson Direct<sup>SM</sup>
- Clinican Trunk Bin
