

# More Connectivity. More Point of Care Service.

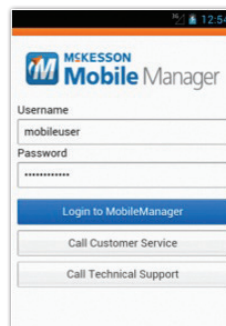

McKesson MobileManagerHC<sup>SM</sup> gives your clinicians the ability to order supplies on-the-go so they have more time for patient care.

## Increase efficiency and productivity with mobile ordering

- Easy to use interface that works just like McKesson SupplyManager<sup>SM</sup> and can be accessed from any web-enabled phone
- Access patient orders, view recently purchased items and place new orders
- Use purchasing lists for faster reorders
- Utilize Rules Management to maintain control at order entry
- Replenish trunk bins

## How It Works

- Go to [mms.mckesson.com/mobile](http://mms.mckesson.com/mobile) on your Smartphone
- Login using your SupplyManager<sup>SM</sup> username and password
- After your first login:
  - The username will be pre-populated
  - Look up patients, email order confirmations, re-order products and much more!

To start utilizing this business solution now, contact your **Account Manager** at **888-822-8111**.
