

**McKesson Patient Care Solutions**

**Continuity of Care  
for Discharged Patients**

With changing healthcare policies, processing managed care and insurance orders can be challenging. McKesson Patient Care Solutions (MPCS) is contracted with hundreds of managed care payers and is a participating provider with Medicare and most Medicaid.

When patients are discharged from your care, they still may need medical supplies. MPCS is able to provide those supplies and help support continuity of care.

**Servicing patients in their home or place of care across all spectrums of healthcare:**

**Products in the following categories:**

- Wound Care
- Urological
- Ostomy
- Tracheostomy
- Diabetic Care<sup>1</sup>
- Incontinence

<sup>1</sup> As a result of regulatory changes effective July 1, 2013, National Rehab and Sterling Medical are not able to provide diabetic care supplies to patients using Medicare Part B benefits.

### Benefits of choosing MPCS:

- Product specialists are available to take the order and answers questions about insurance coverage or products.
- Brand requests are typically honored to help facilitate continuity of care.
- Products are shipped to the patient's home within 1–2 business days.<sup>2</sup>
- MPCS is committed to providing resources to help process resupply orders.
- WOC Nurse Connect, a program developed by wound, ostomy and continence (WOC) nurses, provides support and education to clinicians regarding product choices and post-discharge patient support.
- For Medicare patients, an email will be sent to the home health agency verifying the order.
- MPCS provides simple ordering options including phone, fax, Web and online chat.

<sup>2</sup> Shipping is contingent upon receiving product authorization from the insurance payer and does not apply to incontinence products.

**Need to speak directly to a WOC nurse?  
Call WOC Nurse Connect.**

Telephone: 855.348.2722

Supporting documentation is needed to show the patient has been discharged.

Healthcare products you need.  
Service you deserve.

National Rehab Equipment, Inc. and Sterling Medical Services, LLC have come together as McKesson Patient Care Solutions (MPCS), headquartered near Pittsburgh, Pa.

MPCS provides access to more insurance payers, more products, more distribution services and more technology than ever before. This allows MPCS to better serve its customers. With fast, efficient and exceptional service from MPCS, patients and healthcare providers know that they truly have a supplier that focuses on their needs.

Now that MPCS is part of McKesson Medical-Surgical Inc., MPCS customers can expect to receive even more support and choices — so they can achieve even more with their business. McKesson Medical-Surgical helps healthcare providers improve business health and deliver better care to patients. As a pharmaceutical distributor and healthcare information technology company, McKesson Medical-Surgical provides systems for medical supply management, clinical workflow, practice management, pharmacy automation and care management to meet your supply needs.
